Grand Mound-Rochester Chamber:

Grand Mound-Rochester Chamber of Commerce formed its articles in 1988 by community members recognizing the need for an organized effort to create a better understanding and appreciation of the importance of business people and a concern for their problems as well as educating and representing them in city, county, state and national legislative and political affairs. A goal was to be able to address pertinent issues which are detrimental to expansion and growth of business and the community if they arise. It was added that they could prompt programs of a civic, social, and cultural nature which are designed to increase the functional and aesthetic values of the community.
